Education

Bachelor of Software Engineering

Comsats University
2020-2024
Islamabad Main Campus

FSc. Pre-Engineering

Govt. Degree College
2018-2020
Chawinda, Sialkot

Skills & Tools

Web Development	Data Modeling	UI/UX
Software Requirement Specification	Python
Software Design and Architecture	Java
Teamwork	PHP	JavaScript	HTML
CSS	Bootstrap	MongoDB	MYSQL
Figma	Adobe Xd	MS Project	Modelio

Experience

Upwork

Global Inc   Dec 2022 - Present

On Upwork, I excel in web development, UI/UX design, and documentation, creating modern websites with intuitive interfaces. My expertise ensures effective project management and communication.

Projects

UI/UX

Upwork Inc.

Designed playful learning app (for 4-10 year old children) with gamified English, Math, and Science content. Engaging UI/UX for enjoyable and effective education.

Web Development

Semester Project

Built GYM Fitness website with user, trainer, and admin logins. User access resources, track fitness plans, and enable trainers to create personalized workout and diet plan. Admin oversee functionality of user and trainer management.

Software Requirement Specification

Semester Project

Developed SRS for secure E-Voting app: user authentication, ballot creation, voting, result tabulation, and robust security measures.

Software Design and Architecture

Semester Project

Created SDA document for a Child Monitoring System project, outlining system architecture and functionalities for ensuring child safety.
